What is PlagScan?

PlagScan is an entirely **browser-based web service** that verifies the authenticity of documents.

Files can be uploaded in all **common file formats (MS Word, PDF and many more).**

Users can also paste text directly into PlagScan and check for authenticity.

Some Figures...

PlagScan is used worldwide - **more than 1000** organizations on all continents work with PlagScan.

PlagScan accesses **billions of documents** for the detection of plagiarism.

The search index is updated and expanded on a **daily basis**.

More than **1 million tested documents each year**, including **300,000 research papers**.

PlagScan was independently tested and **ranked first** in terms of **usability and online service** by TopTenReviews.com in 2013.

Credibility

The screenshot shows a webpage from TopTenReviews.com. The page title is "Plagiarism Checker Review" with the subtitle "REVIEWS AND COMPARISONS". A large "#1" ranking is prominently displayed on the left, with a "PlagScan" logo and a "READ REVIEW" button below it. To the right, a "Rankings" section lists six other services: CheckForPlagiarism.net (#2), iThenticate (#3), PlagiarismDetection.org (#4), Academic Plagiarism (#5), and The Plagiarism Checker (#6). Each service has a logo, name, and a "REVIEW" button. The page footer indicates "Displaying 2 - 6 of 6 « prev | next »".

The screenshot shows the PlagScan PRO user interface. At the top, there is a navigation bar with 'Documents', 'Settings', and 'Logout' links. The main content area is divided into several sections:

- File upload:** A card with an upload icon and the text 'File upload' and 'Upload PDF, Word document etc.'.
- Text input:** A card with a document icon and the text 'Text input' and 'Add text for analysis directly via copy&paste'.
- Web import:** A card with a cloud and upload icon and the text 'Web import' and 'Load document from the Internet, e.g. Dropbox'.
- Drag and drop:** A central area with a document icon and a hand cursor, with the text 'Drag and drop a document here or use one of the options above.'
- URL check:** A card with a magnifying glass icon and the text 'URL check'.
- Submissions:** A card with a document icon and the text 'Submissions'.

At the bottom of the dashboard, there are links for 'Manual' and 'Ask Admin'. A hint at the bottom reads: 'Hint: Analysis can be started automatically after uploads are complete - see settings.'

Plagiarism software, a tool to foster creativity

Creativity is key not only to write original documents and researches but also to distinguish yourself between the thousands of information available on the internet. We believe that PlagScan should be used as a tool enabling people to foster their originality. "Don't be satisfied with stories, how things have gone with others. Unfold your own myth" (Rumi, The Essential Rumi). Publishing original content is a way for people and institutions to prove their uniqueness.

Table 1: Statements about plagiarism; authors' compilation

The impact of plagiarism in general has been reflected in an ongoing discussion about how to handle cases of plagiarism. Indeed, thanks to the age of information, people and institutions are more and more “borrowing” information without any kind of citation. Most of the schools and universities are therefore representing one or more than one of the statements in Figure 1 with more or less flexibility.

The screenshot shows a web browser window with the URL <https://www.plagscan.com/celogic2017>. The page features the PlagScan logo and the CE-LOGIC, Inc. logo. A welcome message reads "Welcome to the plagiarism checking portal!". Below this, there are two main sections: "SIGN IN" and "UPLOAD ASSIGNMENT". The "SIGN IN" section is highlighted with a red border and contains a user icon, the text "Log in with your user name and password", and input fields for "Username" and "Password", along with a "Log in" button and a "Forgot your password?" link. The "UPLOAD ASSIGNMENT" section contains a document icon, the text "Please paste the code in here and upload your assignment", and input fields for "Code" and "Code", along with a "Submit" button.
