

ONLINE COURSE SYLLABUS
EM200 Methods of Research
SUMMER 2020

RSU VISION

Romblon State University as a premier institution of higher education in the MIMAROPA region for a globally competitive Province of Romblon.

RSU MISSION

The Romblon State University is committed to:

- 1) Provide advanced education, higher technological and professional instruction.
- 2) Provide training in agriculture and fishery, for science and technology, education, arts, agriculture, and other relevant fields of study.
- 3) Undertake research and extension services.
- 4) Provide progressive leadership in its areas of specialization.

COURSE INFORMATION:

Course Code: EM200

Course Title: Methods of Research

Course Description: *This online course covers the basic stages and processes to undertake a research study, particularly in writing up a research paper proposal or a masteral (postgraduate) thesis proposal. It includes the basic concepts, principles, procedures and methods of a research and thesis writing, as well as the content and structure of a thesis proposal.*

Credit Units 3 units

Lecture hours 3

Laboratory hours 0

Pre-requisite None

COURSE OUTLINE

Week	Topic	Teaching-Learning Activities	Assessment Technique
1	Online Orientation and Introduction of ARAL: Course Outline and Syllabus Class Policies and Requirements Meaning and Characteristics of Research Importance/Relevance of Conducting a Research Coverage of the Masteral Thesis (Contents/Chapters)	Posting of learning materials (handouts) and other multi-media resources Familiarization of ARAL website (http://www.aral.cloud:8000) and other available online learning sites such as www.rsucivilengineering.weebly.com Note: The weebly website will augment the ARAL website Guidelines for Weekly Assignments Weekly Required Readings	Individual Participation on the online forum/discussion Assignment
2	Components of the Research Process Research Problem and Objectives Theoretical and Conceptual Frameworks	Handouts Required Readings	Individual Participation in the Online/Forum Feedbacks on Assignment/ Individual Outputs
3	Review of Related Literature APA Citation and Referencing Research Instrument and Design Data Collection, Sampling, Data Processing and Statistical Analysis, and Data Interpretation	Handouts Journal Article/Abstract Critiquing Required Readings	Individual Online Participation/Forum Feedbacks on Assignment/ Individual Outputs
4	Research Proposal/Thesis Proposal Writing	Review of previous topics; Feedbacks on Assignment and Individual Work outputs Writing Up of Chapter 2: Review of Related Literature	Individual Online Participation/Forum Feedbacks on Assignment and Progress Report Progress Report of Chapter 2
5-6	Finalization of Chapter 2: Review of Related Literature Writing-up of Chapter 1: Introduction and Chapter 3: Research Methodology	Consultation and Revision of the Proposal Outputs of the Draft Chapters Online submission of Power Point Presentation Materials in preparation for the Oral Research Proposal	Progress Report Online Oral Research Proposal Presentation

COURSE REQUIREMENTS

1. Online participation/forum/discussion
2. Assignments/Quizzes
3. Research Proposals (Chapters 1, 2, and 3)
4. Research Proposal Presentation (video presentation or online group meet-up)

COURSE POLICIES (additional guidelines on online learning and assessment will be posted in ARAL)

- Student outputs such as assignments, research proposals and other required online activities must be submitted on time thru ARAL website or other prescribed online platforms. Late submission will be accepted but with point deduction.
- It is expected that all students will visit the ARAL website and other prescribed online learning sites on a regular basis. Handouts should be downloaded per week and assignments will be submitted online.
- **Plagiarism is not tolerated in the preparation of written reports, thus proper APA (American Psychological Association) citation and referencing are necessary.**

STUDENTS WITH SPECIAL NEEDS AND OTHER ONLINE REQUIREMENTS

Students who have any disability and other personal online requirements/difficulties that might affect their performance in the online classes are encouraged to speak with the instructor on the weekly basis to address their needs.

COURSE GRADING SYSTEM

Grading will be as follows:

Online Participation/Attendance	20%
Assignment	15%
Quiz/Examination	10%
Research Proposal (Chapters 1, 2 and 3)	40%
Research Proposal Oral Defense	15%

Grades Equivalent

<i>Rating</i>	<i>Grade</i>
96 - 100	1.00
91 - 95	1.25
86 - 90	1.50
81 - 85	1.75

76 - 80	2.00
71 - 75	2.25
66 - 70	2.50
61 - 65	2.75
60	3.00
Conditional	4.00
Below 60	5.00

CONDITIONAL is not a grade. It is given to students that lacks necessary requirements and therefore, must be accomplished before the end of that semester to obtain a grade. INCOMPLETE (INC) is reflected in the university online grading/report system as a mark given to the students for major compliance in the subjects which requires a Completion Form from the Registrar to be filled-up and accomplished within a year, otherwise noncompliance is a final grade of 5.0. WITHDRAW (W) is also reflected in the online grading/report system to indicate that the student withdraw or did not finish/complete the subject enrolled.
